

PDF PATTERN  
**FABRIC HANGING  
BASKET**

By AppleGreen Cottage

# Fabric Hanging Basket

## PDF Pattern

By AppleGreen Cottage

This little fabric hanging basket is a real treasure when it comes to storing small items. And since the **hanging strap can open**, you can hang it anywhere and remove easily.

Hang it in a craft room to house your sewing supplies, in a child's room to store pencils or crayons, on a kitchen utensil rack or wherever you need to store little items.

### INSTRUCTIONS and SUPPLIES:

This PDF file contains the pattern pieces only, for instructions visit these 2 **full tutorials**:

**1) THE HANGING BASKET tutorial:**

<https://www.applegreencottage.com/how-to-make-fabric-hanging-basket/>

**2) THE STRAP FOR hanging basket - tutorial:**

<https://www.applegreencottage.com/how-to-make-straps-for-hanging-baskets/>

### FINISHED SIZE

The hanging basket is 3.5" wide, 2" deep, 5" tall (with top folded – 9x5x13cm).

The FINAL (straightened) hanging strap size is 2 inch wide by 5 inch long (when sewn in – 5x13cm).

### DIFFICULTY ★☆☆

A 3/8" (=1 cm) **seam allowance is included**. Please read the instructions ([link here](#)) before you start cutting.

### PRINTING INSTRUCTIONS:

PRINTING: Print at 100% (no scaling, NO fit-to-page).

**PATTERN PIECES:** There are 2 pieces for this pattern: one of them needs to be assembled when printed. You'll need to tape the paper parts together before you start using the pattern.

When **cutting and taping PAPER**, you'll have to match the edges of a pattern correctly. Put one piece of paper under the other and shift until the **grey line and diamond shapes are perfectly matched**. Tape the pieces together and cut out normally.
